

Learn by exploring multiple perspectives!

Help fellow Toastmasters see the world through different eyes when you become a member of more than one Toastmasters club!

"I have been a member of 2 clubs since 1999. Dual membership has given me more audience diversity, which enhances my growth as a speaker. As a speaker, it is important to tailor your speeches to your audience. If you are always speaking to the same people week-after-week, you limit your growth.

In addition, dual membership has given me additional speaking opportunities, which has allowed me to earn multiple DTM's."

Tom Coscia, DTM
District Governor-2011/2012
