

Lora Mather

Lora's Toastmaster journey began in 1997. She has served in almost all district leadership positions, culminating in serving as District Governor 2013-14 and as District Director 2016-17. Her greatest reward is seeing members improve and becoming more confident. She serves as the Club Secretary and Treasurer for Smedley Hometown Memorial Club. She currently lives part-time at Table Rock Lake. She enjoys the lake life with Branson attraction outings, working at the marina and her newest passion of serving the developmentally disabled community in Stone County.
