Meet Your Keynote: Bindu Chintha

Bindu Chintha, DTM

2021-2022 District 25 Division F Director

Keynote Presentation: 10:00 AM

Speech Title: *"Many Communicate, Few Connect"*

Nothing is more important in life than the ability to communicate effectively. John Maxwell said about connecting - "It's the ability to identify with people and relate to them in a way that increases your influence with them." If you want to influence people, connecting is that first layer of the foundation.

Only one thing stands between you and greater success in your personal and professional life. It isn't knowledge, or skills, experience, or talent. It's your ability to connect with people. In a world where success is increasingly dependent upon collaboration, one must learn to connect with people. Leadership is influence. And influence depends on our ability to connect with people.

In this session, you will learn:

- Connecting Principles
- Connecting Practices
- How these lessons will help redefine and reinvent your personal, professional, and family relationships

Thanks to the following individuals who presented your sessions
