

Paula Williams Bio

Paula Williams has been a member of the Shalom Church Toastmasters Club since 2017. She has held the following offices: VP of Education, VP of PR and is currently serving as VP of Education, again, with great pleasure. She has actively helped with other area club's virtual and in-person contests. She enjoys seeing members reach a goal, give a speech, or complete a project that they did not think was possible. She believes educating, assuring and a pleasant smile gets the good work done every time.

Paula is the founder of Unstoppable Extended Hands, a nonprofit organization in St. Louis and Chicago. Unstoppable Extended Hands dedicates its time throughout the year to gather essential items for children, book scholarships for college students, and those starting a second career and supports students that are displaced, with food, funding, and essentials.

Paula looks forward to learning, serving, and helping others to grow, as the Area 18 Director.
