

Justine Maedeker Bio

Justine Maedeker has been a Toastmaster intermittently since 2007. During her time as a Toastmaster she has fought her fear of public speaking. She has held several club level leadership roles within Toastmasters including; President, Vice President of Membership, Vice President of Education, and Secretary. This year she is excited to begin her first term as Area Director and to continue work towards her Distinguished Toastmaster (DTM).

When she is not at Toastmasters, Justine works as a nurse practitioner for a program of all inclusive care of the elderly (PACE). She is involved in several volunteer organizations including on the awards committee for the American Association for Nurse Practitioners and on the board of Hope's Doorway.

She is originally from the Saint Louis Metro East but, currently lives in Grand Junction, CO. For fun, she enjoys hiking and cross country skiing with her dog, Lacey, in Colorado.
