

Sarah Van Meter's Biography

Sarah is Global Safety Manager at Bayer AG which creates and manufactures procedures across three divisions: Consumer Health, Pharmaceuticals and Agriculture. As a safety engineer, she has fifteen years of experience working with people to ensure they understand risk, controls and compliance for every occupation within Bayer from employees to contractors. She has leverage Toastmasters within professional and personal lifestyle.

Sarah has been active with Toastmaster for the past seven years. She been active not only in her home club, "Noontime Toastmasters #7865" as a member but as almost every officer leader role. If her leadership still in question, she has been active with the district from leading area 18 to distinguished to division B director and program quality director. Her greatest reward has always been coaching clubs and members. She enjoys taking the mystery out of Pathways and problem solve to get members the most out their Toastmaster experience.

I look forward to assisting District 8 Area 3 and 13 be better than they started in upcoming year!
